PROFESSIONAL SUMMARY

QA Engineer with nearly 1 year of experience in manual testing, API testing, security testing, test case design, defect reporting, and regression testing across Payment Gateway, CRM, E-commerce, and SaaS web applications. Skilled in validating business requirements and ensuring high-quality releases within Agile/Scrum teams. Hands-on with JIRA, Postman, Selenium WebDriver, JMeter, OWASP ZAP . Seeking to grow into an Automation QA / SDET role.

TECHNICAL SKILLS

- **Testing:** Manual, Functional, Regression, Smoke, Sanity, Integration, UAT, API Testing, Security Testing
- **Tools:** JIRA, Postman, Swagger, Selenium WebDriver, Playwright, JMeter, OWASP ZAP, Burp Suite, TestLink
- **Database:** SQL, MongoDB
- **Methodologies:** SDLC, STLC, Agile/Scrum
- **Programming:** Core Java, JavaScript (ES6+)

PROFESSIONAL EXPERIENCE

Junior Quality Analyst — Ditinus Technology Pvt. Ltd.

March 2026 –Present

Mohali, Punjab

- Execute manual, functional, regression, smoke, and sanity testing for CRM and e-commerce web applications.
- Design test cases from business and functional requirements; conduct API testing and validate backend responses using Postman.
- Identify, document, and track defects through the full defect lifecycle in JIRA, collaborating with developers in an Agile/Scrum setup.

Software Tester Intern — Dooritt (Real Estate Tech Platform)

Sept 2025 – Feb 2026

Noida, Uttar Pradesh

- Reviewed requirements to derive test scenarios and executed manual and API testing (Postman) on web and mobile applications.
- Reported and tracked defects in JIRA across Regression, Smoke, and Functional testing cycles; gained exposure to Selenium WebDriver and JMeter.

MERN Stack Developer Trainee — Sensation Software Pvt. Ltd.

Jan 2025 – June 2025

Mohali, Punjab

- Developed a full-stack Learning Management System (LMS) with authentication and role-based access control in an Agile team.

PROJECTS

VoiceToNotes.ai — Manual QA Testing (Web & Mobile)

- Performed end-to-end testing of an AI-based voice-to-text app; designed 40+ test cases (functional, negative, edge) and reported 15+ defects with clear reproduction steps.
- Validated authentication, transcription, and note management workflows; conducted regression testing and API validation across multiple devices.

Security Testing Project

- Performed vulnerability assessment using OWASP ZAP and Burp Suite; tested authentication, session management, input validation, and API endpoints, documenting findings.

Learning Management System (MERN)

- Built a full-stack LMS (React.js, Node.js, Express.js, MongoDB, JWT) with role-based dashboards for students and administrators.

EDUCATION

Bachelor of Vocation (Software Development) — Punjabi University, Patiala

CGPA: 7.0 | 2022 – 2025
